CBME Conference at Queen's

November 8th & 9th
Sheraton Hotel Kingston

This is a conference open to all medical educators, staff, faculty and CBME stakeholders from all medical schools across Canada and beyond. Participants will learn from Queen's faculty and staff about implementing CBME at their own institutions.

@Queenspostgrad

Only 49 days to July 1st!!

We are happy to report that all programs have completed their SEAMO deliverables by the March 31st deadline date. Great news for all programs. If you have not had the chance to submit your information, please send all program documents to Jen Railer jennifer.railer@queensu.ca at your earliest convenience.

We had record attendance at March's CBME Program Leaders' workshop. Thank you to those who filled out the workshop evaluation as we use this information to continuously improve our Faculty Development sessions. Please contact the CBME team at any time if you wish to offer feedback and/or ideas for any Program Leaders' workshops.

We look forward to seeing you all again at the Maudsley Symposium on CBME on May 30th at the School of Medicine. Please remember that the symposium is open to all faculty, residents and staff not just CBME program leaders. [Pre-register here](#)

CBME and Twitter!

We are now tweeting about CBME via the @Queenspostgrad Twitter handle. Please follow us and re-tweet to help spread the word regarding the Queen's transition. Any ideas or for CBME-related tweets are always welcome.

SPOTLIGHT on Faculty Development

Credit for CBME Program Leaders' Workshops

Did you know?

Specialists can claim MOC Section 2 credits for the Program Leaders' Workshops. Learn more about Section 2 credits [here](#). Login to the system to report your credits [here](#).

For additional information on how to claim your credits for this session, please contact the office of Faculty Development & Continuing Professional Development.

cpd.che.queensu.ca

Faculty Development has been working on a number of initiatives in preparation for the transition on July 1st, and beyond. Registration for all sessions will be available on the [Faculty Development website](#).

Essentials of Classroom Teaching May 23, 2017

This full-day event covers topics essential to teaching in a variety of classroom settings, including objective-setting, small and large group learning strategies and teaching with technology.

Maudsley Symposium on CBME at Queen's May 30, 2017

This full-day event, held in the School of Medicine Building, is open to all faculty, residents, staff, and students. It will include a morning plenary presentation by Dean Reznick, multiple small group and workshop sessions, research presentations and posters, and will celebrate the launch of CBME at Queen's.

Workshop for Academic Advisors & Competency Committee Members June 7, 2017

This half-day workshop will provide practical support and will include topics such as: MEdTech for Academic Advisors and members of Competency Committees; identifying and supporting residents in difficulty with a focus on resident wellness; programmatic Assessment; and a panel talk with

practical tips and lessons learned.

Introduction to Simulation June 20, 2017

This event, held in the Simulation Centre, will introduce faculty to the essential skills needed to use simulation as a teaching tool, with a focus on CBME.

Operationalizing CBME Assessment in MEdTech: What you need to know for July 1st:

May, June, July 2017

A number of drop-in and small group sessions will be made available throughout May, June and July for faculty and residents to learn about assessment changes in CBME, and to familiarize yourself with the principles of CBME assessment and MEdTech. No registration required; first come, first served. All encouraged to attend including front-line faculty, residents and program administrators.
