Dr. Asad Naqvi, PGY 2 Diagnostic Radiology Queen's
BSch (McMaster), MBBS (University of Limerick, Ireland)

LSO Networking Night

Tuesday, November 07, 2017

LSO Networking Night

Please join the LSO members, Board and other Industry individuals for the November Networking Night

LSO's Networking Nights event series provides a forum for LSO members and non-members to build connections with the life sciences community in a social setting.

On average we have 100 -120 confirmed attendees per event, with our most popular event drawing 140 people. One third of attendees represented SME companies, 33% were researchers/students, with the remainder being consultants, lawyers, investors, accelerators, multinationals, and government delegates.

If you are looking to raise your profile within the Life Sciences community, Sponsorship Opportunities are available. For more information, please contact the LSO Office (admin@lifesciencesontario.ca)

When: Tuesday, November 7th

Where: Marché Restaurant's **MUVBAR** - Brookfield Place Street Level

42 Yonge Street, Toronto, ON

What extracurricular activities are available?

Biochemistry and Life Science students both have an active, elected student council that organize sports, social and academic related activities for their students, including an annual banquet, BBQ's, book and clothing sales. Life Science students also have their own quarterly newspaper "Life Beat" and research publication "QSURJ".

Maclean's 2013 Canadian Universities Guidebook cited **Life Sciences** at Queen's as a Standout Program, having strength in "the integration of basic health sciences with natural and physical science".

Botterell Hall (offices and research labs)

New Medical Building (teaching labs)

State-of-the-art Teaching Labs

World-class Human Anatomy Labs
