

Getting Started: Library Research Guides and Sites

- [CRAAP Criteria](#)
- [Identify Predatory Publishers & Conferences](#)
- [Research Data Management @ Queen's](#)
- [Citing and Citation Managers](#)
 - [EndNote 20 Video Tutorial](#)
- [Citing Styles](#)

EndNote Support

- For technical issues using EndNote, contact their [support](#) team.
- Interested in training? Click [here](#) for video tutorials, reference guides, and more!

Other Helpful Resources

- [Ulrichsweb](#): Serials directory where you can search to determine if a journal is peer-reviewed, open access, status, and where it is indexed
- [Journal Citation Reports](#): Check a journal's impact factor, Open Access status & more
- [Retraction Watch](#): Blog that reports on retractions of scientific papers
- [M365 Apps @ Queen's](#): Get set up with OneDrive and Teams
- NYU's [Data Sharing and Management Snafu in 3 Short Acts](#) (an older video series but still relevant today!)

All Things Open Access

- [Open Access at Queen's](#)
 - [Open Access Publishing Fees - Support](#)
- [QSpace](#): Repository of digital content produced by the Queen's community
- [Directory of Open Access Journals](#)
- [Open Access Scholarly Publishing Association](#)
- [Journals Online project](#)
- [Tri-Agency Open Access Policy on Publications](#) (*NSERC, CIHR)
- [Think. Check. Submit.](#): Checklist for choosing a trustworthy journal
