**6. Dean's Report**

Dr. J. Fisher reported on behalf of Dean D. Walker invites everyone to read his recent Faculty of Health Sciences Newsletter.

It was noted by a faculty member that items that are being discussed at special Towne Hall meetings should be discussed at Faculty Board. We need to put more items of interest on the agendas to increase attendance at Board.

Dr. J. Fisher noted the concern of the lack of attendance and will relay to the Dean.

Dr. W. Racz reminded everyone that Faculty Board is a standing meeting and departments are not to set meetings at this time.

**7. Research Report**

Dr. S. Ludwin commented that certain issues could be lengthy to discuss at Faculty Board in the beginning stages thus we have Towne Hall meetings to thrash out concerns and then bring the item to Faculty Board for discussion and approval.

The Draft Research Strategic Plan is coming together quite nicely and they are hoping to circulate it to everyone one last time for their review and then to Faculty Board in the Fall.
