

academic enrichment program GLOBAL HEALTH

2020 INFORMATION SESSION

SCHOOL OF MEDICINE

DEFINING GLOBAL HEALTH

- health issues that transcends national borders
- process of addressing these health issues through resource-sharing and partnerships to create sustainable changes
- focus is placed on promotion health equity through advocacy

REQUIREMENTS

- **SERVICE LEARNING**
- **OBSERVERSHIP**
- **CULTURE, SAFETY & ETHICS COURSE**
- **POST-TRAVEL DEBRIEF**
- **ONLINE MODULES**
- **EDUCATIONAL SESSIONS**
- **MENTORSHIP (OPTIONAL)**

- Students will provide a service to a Kingston organization that involves a vulnerable community
- Students must commit to work with the organization for at least two semesters
- SLP must be at a UGME-approved organization

SERVICE-LEARNING REQUIREMENTS

- Submit a project information form
- Reflection paper (500-word written reflection) submitted to global.health@queensu.ca at the conclusion of the service-learning project

- Placements need to be in a low-resource setting in Canada or abroad
- Pre-clerkship students: complete 4-week GH observership
- Clerkship students: complete 3-week GH observership
- Students are responsible for organizing the logistics of their clinical placement
- Check with the Department of Undergraduate Medicine for approval process

OBSERVERSHIP REQUIREMENTS

- Complete the Culture, Safety & Ethics Course
- Attend Post-Travel Debrief

SAVE THE DATES!

2019-2020 CULTURE, SAFETY & ETHICS DATES

you must attend either the fall or winter session on both dates

fall session

NOV 19 & 26, 2019

winter session

MAR 24 & 31, 2020

**BOTH SESSIONS BEGIN AT 5:30 PM IN THE
BRITTON SMITH LECTURE THEATRE | ROOM 132A | SOM**

THE DEBRIEF IS MANDATORY FOR ALL AEP STUDENTS

The purpose of this session is to debrief on: achievement of learning objectives, positive and negative experiences and lessons learned

DEBRIEF REQUIREMENTS

- attend the debrief session
- complete a post-reflection survey

EDUCATIONAL SESSIONS

Educational sessions can be lectures, panels, journal clubs, documentary screenings on pertinent global health issues

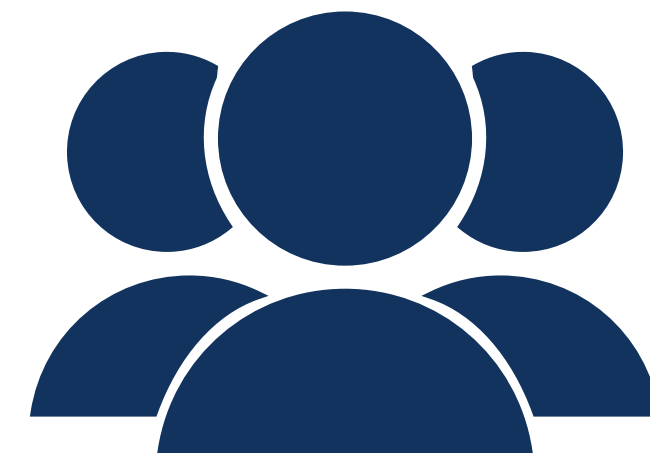

Eligible sessions will be posted on the global health event listing page. If you come across an event that you think will qualify email global.health@queensu.ca and wait for an approval/decline response

Please email global.health@queensu.ca once you've attended an event -- sometimes a volunteer will take attendance at the event and forward to us. You are also required to keep track of your own attendance

SESSION REQUIREMENTS

- attend 6 educational sessions

MODULES ARE ACCESSIBLE ON THE PUBLIC GLOBAL HEALTH ELENTRA COMMUNITY

- Infant & Child Health
- Hunger
- International Development
- Infectious Diseases
- Maternal Health
- Non-Communicable Diseases

MODULE REQUIREMENTS

- complete all online modules

THE MENTORSHIP COMPONENT IS **OPTIONAL** AND INTENDED TO BE A RESOURCE FOR STUDENTS.

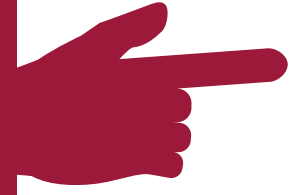

We recommend that you have a Faculty Mentor, with whom to discuss GH issues. If you do not have a relationship with a mentor, please contact global.health@queensu.ca or the student lead for ideas of possible mentors.

Please note: when you complete your placement, you will be required to have a mentor who agrees to debrief with you remotely each week during the placement. You may want to mention this to your potential mentor when establishing your mentorship relationship.

MENTORSHIP REQUIREMENTS

- reminder: this is optional

e-mail global.health@queensu.ca to register for the program

The global health enrichment program is self-directed. You have until the end of your undergraduate medical education at Queen's to complete the requirements. It is, however, strongly recommended that you complete the program prior to clerkship.

In order for it to appear on your MSPR, the AEP must be completed before you begin fourth year.
