3:00 PM

DR. DUNCAN G. SINCLAIR LECTURESHIP IN HEALTH SERVICES AND POLICY RESEARCH

In recognition of Dr. Sinclair's contributions to the Medical Research Council of Canada, the Dr. Duncan G. Sinclair Lectureship in Health Services and Policy Research was established at Queen's University in 1997 by MRC President Dr. Henry Friesen.

Acknowledging the importance of this realm of health research in Canada, Duncan and Leona Sinclair assured the longevity of the Lectureship by a generous supplement to the capital fund in 2001.

FUTURE UNLOCKED: NAVIGATING THE AI TIPPING POINT TO ADVANCE HEALTH

Dr. Laura Rosella, PhD, MHSc
Scientific Director, Population Health Analytics Lab
Canada Research Chair in Population Health Analytics
Dalla Lana School of Public Health, UofT
ICES Senior Adjunct Scientist
Director, AI for Pubic Health

Dr. Rosella's research area is rooted in public health, focused on using data to guide decision-making related to preventive policies and interventions that will improve to population health, enhance equity, and enhance health system performance.
